Dear Judge Suiter:

We have reviewed your application for a municipal solid waste permit modification dated June 20, 2013, and revisions dated July 15, 2013, requesting to update the Site Development Plan, Attachment 12 (Final Closure Plan) to allow for an alternate final cover design over the Pre-Subtitle D areas. This update is necessary to accommodate landfill gas header lines installed on top of intermediate cover and to change the final contours and final slopes without increasing the maximum permitted height.

Our review indicates that insufficient information has been provided to demonstrate compliance with Title 30 of the Texas Administrative Code (30 TAC) Section (§)305.70. Therefore, we are unable to complete processing of your request at this time. Please review and address the following comment:

Pursuant to 30 Texas Administrative Code (30 TAC), Chapter 305, Section 305.70(k)(9), the application requires mailed notices pursuant to 30 TAC, Chapter 39, Section 39.413.

Please revise your permit modification request and submit the revisions within 30 days from the date of this letter or your request may be considered withdrawn. In accordance with 30 TAC §330.57, please ensure that each page has a header or footer that indicates the revision number and date. Your revised and/or additional pages should be in a form suitable for replacement and/or inclusion in the initial permit modification application. In accordance with 30 TAC §305.44, please include an original certification statement with the revision. Along with the original signature, the certification statement should indicate the name, title, and address of the responsible official.

To facilitate our review, please submit one original, two unmarked copies, and one marked copy of the revisions in conformance with 30 TAC §305.70(f). Please send one of the unmarked copies directly to the Texas Commission on Environmental Quality Region 10, to the attention of Ms. Heather Feldman, Waste Program Manager, Beaumont Regional Office, MC R-10. Also, please include the tracking number referenced above in the subject line of your response.
