

BID SPECIFICATIONS

HAUL TRUCKS

ANGELINA COUNTY ROAD & BRIDGE DEPARTMENT

The Angelina County Road & Bridge Department is currently seeking bids for the purchase of two used haul trucks suitable for moving trailers containing oil sand and other road materials used in connection with the construction, maintenance and repair of county roads. The following specifications are applicable to the trucks and bids submitted for consideration in connection with this solicitation:

1. Two used Mack haul trucks, 2010 model or newer.
2. Reconditioned or in good, operational condition without significant defect or damage.
3. Clean Interior without damage or defect.
4. Power steering and air conditioning.
5. 11-24.5 wheels & tires (steer & drive axle) or similar size. Tires must be new or in good condition.
6. MP7 Mack diesel engine with 395 horse power or more.
7. Mack Camelback suspension with 46,000 lb. capacity or more

Bidders may submit bids for either one or two trucks. However, a separate bid, meeting the above specifications, should be submitted for each truck.

All trucks are subject to inspection by the road administrator, prior to award of bid, to determine condition and confirm suitability for the specified purposes.
