RECEIVED  
FEB -7 2022  
COUNTY JUDGE

Sirs:

During the 77<sup>th</sup> Session of the Texas Legislature, S.B. 1074, the Texas Racial Profiling Law, was enacted to address the issue of possible racial profiling by law enforcement agencies in Texas. Racial profiling is defined by statute in the Texas Code of Criminal Procedure as "... a law enforcement-initiated action based on an individual's race, ethnicity, or national origin rather than on the individual's behavior or on information identifying the individual as having engaged in criminal activity."

In part, this law directs each law enforcement agency in the state to collect data on traffic stops and break that information down by race or ethnicity and gender pertaining to detentions, reasons for stops, searches and type of action taken. The Texas Code of Criminal Procedure under Article 2.132 has requirements that all law enforcement agencies report this information to the governing body of the municipality or county that they serve for stops conducted during the previous calendar year.

Racial profiling by any law enforcement officer is prohibited by law and all law enforcement personnel have received training on the topic of Racial Profiling as a part of a state mandated curriculum in order to be licensed as a Texas Peace Officer.

The report attached contains citation/arrest and traffic contact data that was obtained through traffic patrol and enforcement operations records of traffic stops by the Precinct One Constable's Office of Angelina County. This data was collected from traffic citations and arrests for the 2021 reporting year of January 1 through December 31, 2021. Please accept this document as my filing to satisfy the reporting requirement of the Texas Racial Profiling Law to the local governing body. This information was submitted to the Texas Commission on Law Enforcement (TCOLE) via electronic filing on 2/6/22 and will be available for public access and inspection on that agency's website. Feel free to contact me if there are any questions related to this report.

Respectfully submitted,

*Tom Selman*
