As most of you know, the City of Lufkin has amended the original Disaster Declaration effective at midnight on 03/28/2020.

Angelina County is reviewing the City of Lufkin's order as well as other orders from other jurisdictions. Our new modified order will go into effect on Monday 03/30/2020 11:59 a.m.

The modified order is being done because of the increase in symptoms and issues that our local healthcare providers are reporting. Hopefully this new order will help slow down the infection rate even more.

This is not a shelter in place order, because it doesn't shutter any more businesses or confines citizens to their homes.

"A shelter in place literally shuts down all but essential businesses and activities", says Angelina County Judge Don Lymbery. "What we are doing allows more movement."

Angelina County Emergency Management is in constant communications with ACCHD, The State of Texas and other surrounding jurisdictions to try and keep the citizens of Angelina County up to date on the progress of this deadly virus.
